Students' Cell # _____

Independent Study Contract

Student: _____ Independent study Period(s): _____

Rationale:
Due to the rigorous nature of University of Utah Concurrent Enrollment and AP coursework at AMES High School, students may request one or more periods of Independent Study be placed in their schedule. Students who are current with AMES High School graduation requirements may include independent study in lieu of AMES classes. AMES High School would prefer that independent study be scheduled at the beginning or end of the day but will work with students and their individual needs.

Student and parent Responsibilities:
Students must use this time productively and wisely if they chose to stay on-campus during their independent study class time. It is difficult, if not impossible for us to know of the student's whereabouts during this time.

If concern or problems arise (i.e. wandering in the halls, disrupting classes, etc. . .) regarding the progress and adjustment of the student in the independent study period, it may be necessary for further evaluation of this agreement and modification or termination of the student's independent study.

Independent Study periods are considered as educational release time from AMES High School. Parents assume full responsibility for their student during independent study.

I have read the above stated guidelines and understand my obligations and agree to abide by the guidelines as parent or guardian of the student listed above.
